Manufacture of submarines

4002. SHRI VIREN J. SHAH:
SHRI PRAMOD MAHAJAN:

Will the Minister of DEFENCE be pleased to state:

(a) whether Government's attention has been drawn to a report published in the 'Sunday Observer', New Delhi of 2nd August, 1992 under the caption "Delay on new sub alarms in Navy";

(b) if so, what are the details in this regard;

(c) what are the reasons for the delay in manufacturing our own sub-marines for Indian Navy in the East Yard of Bombay's Mazagon Dock;

(d) the extent to which the delay in manufacturing submarines would upset the Silver Jubilee Year of the Navy's Submarine arm which was started in 1967 and affect the interest of defence preparedness and capabilities; and

(e) what steps Government propose to take for the early manufacture of submarines and what is Government's programme in this regard?

THE MINISTER OF DEFENCE (SHRI SHARAD PAWAR): (a) Yes, Sir.

(b) As per the agreement of Government of India with M|s. HDW of Germany, two SSK type submarines were built in German shipyard and another two have been manufactured with HDW collaboration in East Yard of MDL, Bombay.

(c) The main reason is that manufacture of a Submarine is a highly complicated venture which was attempted for the first time in the country.

(d) and (e) The modernisation of the Indian Navy is being carried out in terms of the Perspective Plan which has been drawn up for this purpose. The decision to acquire new equipment is taken on the basis of this Perspective Plan, as well as an assessment of the geo-political scenario, threat perception and the availability of funds with the Navy. It is ensured that the Navy remains a balanced force capable of meeting any exigency that may arise.

(ख) यदि हां, तो मुआवजा कब दिया गया और भूमि का अधिग्रहण कब किया गया ;
